Bnip3L Antibody

Catalog No: #24112

Description

Orders: order@signalwayantibody.com Support: tech@signalwayantibody.com

Description	
Product Name	Bnip3L Antibody
Host Species	Rabbit
Clonality	Polyclonal
Purification	Affinity chromatography purified via peptide column
Applications	ELISA WB IHC
Species Reactivity	Hu
Immunogen Type	Peptide
Immunogen Description	Raised against a peptide corresponding to amino acids 77 to 92 of human origin, which are identical to those
	of mouse Bnip3L.
Target Name	Bnip3L
Other Names	Nix
Accession No.	AF067396
Concentration	1mg/ml

Supplied in PBS containing 0.02% sodium azide.

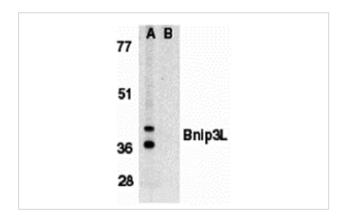

Application Details

Predicted MW: 40 kd

Images

Formulation

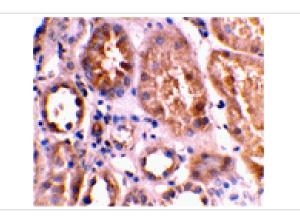

Storage

Western blot analysis of Bnip3L in K562 whole cell lysate in the absence (A), or presence (B) of immunogenic peptide (2289P) with Bnip3L antibody (IN) at 1 ug/mL.

Can be stored at -20°C, stable for one year. As with all antibodies care should be taken to avoid repeated

freeze thaw cycles. Antibodies should not be exposed to prolonged high temperatures.

Immunohistochemical staining of human kidney tissue using Bnip3L antibody at 2 ug/mL.

Background

Members in the Bcl-2 family are critical regulators of apoptosis by either inhibiting or promoting cell death. Bcl-2 homology 3 (BH3) domain is a potent death domain. BH3 domain containing pro-apoptotic proteins, including Bad, Bax, Bid, Bik, Hrk, Nip3, and Bim, form a growing subclass of the Bcl-2 family. A novel BH3 domain containing protein was recently identified and designated Bnip3L, Bnip3alpha, and Nix (for Nip3-like protein X). Bnip3L/Bnip3alpha/Nix is a homolog of the E1B 19K/Bcl-2 binding and pro-apoptotic protein Bnip3. Overexpression of Bnip3L induces apoptosis. Bnip3L interacts with and overcomes suppresses by Bcl-2 and Bcl-xL. Bnip3L is localized in mitochondria. The messenger RNA of Bnip3L is ubiquitously expressed in human tissues. Bnip3L and Bnip3 form a new subfamily of the pro-apoptotic mitochondrial proteins.

Note: This product is for in vitro research use only and is not intended for use in humans or animals.
